5th European Congress of Immunology
AMSTERDAM/NL
SEPTEMBER 2-5 2018

INVITATION TO SPONSORSHIP & EXHIBITION

Amsterdam awaits you!

www.eci2018.org
Amsterdam awaits you!
Welcome from the EFIS President

Dear Friends and Colleagues,

As President of the European Federation of Immunological Societies (EFIS), it is my pleasure to extend this invitation to you to join us in Amsterdam in September 2018 at the Fifth European Congress of Immunology (ECI 2018). Held every three years and attracting on average nearly 4,200 delegates since 2006, the ECI is now regarded as a premier event on the international immunology calendar. The most recent ECI 2015 in Vienna was a telling example of the success that the congress now enjoys. And ECI 2018 in Amsterdam promises to continue this tradition by staging a truly memorable scientific event for all attending!

EFIS, together with our local host, the Dutch Society for Immunology (NVVI), will work to ensure a stimulating three days during which you as a sponsor can interact with a wide range of participants, laboratory and practicing clinical scientists alike. Leading international medical and biomedical experts, as well as promising young professionals, will interactively explore the most recent advances in the fields of innate immunity, adaptive immunity, diseases of the immune system and immune interventions.

Inspired by one of Amsterdam’s most characteristic features, our colleagues of the NVVI have aptly given ECI 2018 the theme of “Building Bridges”. And, indeed, it is their and our pledge to guarantee a setting that is conducive to building as many bridges as possible: to converge basic, translational and clinical science, to stimulate interaction among younger researchers and established immunologists, and, to foster exchange between academia and industry. The European immunology community has only to gain from your commitment to this shared effort.

ECI 2018 is beginning to take shape and is committed to creating valuable networking options for our sponsors. With the company exhibition area at the heart of the venue and a variety of sponsorship options available, we are committed to making ECI 2018 memorable, both scientifically and economically. I warmly encourage you to mark your calendars and to join us in Amsterdam to help make ECI 2018 a resounding and rewarding success.

Sincerely,

René van Lier, President, EFIS
Dear colleague,

It is with great pleasure that we welcome you on behalf of the European Federation of Immunological Societies and the Dutch Society of Immunology (NVVI) to the 5th European Congress of Immunology (ECI) in Amsterdam from September 2-5, 2018.

The previous meeting of ECI in Vienna in 2015 was a great success and contained a good company exhibition and strong networking possibilities. **We would now like to draw your attention to ECI 2018 and the opportunity to reach a highly interesting target audience for your products, comprising both biomedical scientists and medical clinicians.**

With the 5th ECI in 2018 we will build an European village of immunology in Amsterdam. Basic and clinical researchers from academia and industry can dive into immunology, discuss science and form new collaborations. The 5th ECI will cover all fields of modern immunology, ranging from innate memory and tissue specific regulation of T/B cell differentiation to unsupervised analyses of big data for evaluation of immunomodulatory biologicals. The special focus of the 5th ECI will be ‘Building Bridges’. The Dutch take pride in being expert bridge builders, physically to handle water, but also figuratively to connect people and facilitate mutual goals. We aim to show you that this is true.

**ECI 2018 will bring together:**
- researchers working in the field of fundamental and applied immunology, biomedical sciences, cell biology and chemistry.
- clinical chemists and medical immunologists working in the field of clinical diagnostics.
- clinicians working in the field of immune-mediated diseases and/or immunomodulatory therapies.

ECI 2018 is an attractive congress for medical specialists treating patients, as immunology has become an essential part in modern clinical medicine, diagnosis and patient care. We offer continuing medical education (CME) credits to all delegates in accordance with UEMS – EACCME regulations. In the meeting we will discuss the pathogenesis of auto immune and inflammatory diseases and cancer and the etiology of primary and secondary immunodeficiency diseases. **Novel forms of clinical immune interventions and diagnostics** in the field of vaccination, autoimmunity, allergy, immunodeficiency and cancer will be given a prominent place, since their societal benefits are a good example of the potent applicability of our scientific discipline. We will specifically dedicate sessions to identify new discoveries in fundamental immunology that hold diagnostic and therapeutic promise.
Special sessions will highlight technological innovations in biomedical research (e.g. cellular phenotyping and separation; antibody technologies; fluorescent tracing; (sub)cellular imaging and quantification techniques; proteomic, metabolomic and genetic profiling; animal models and mutagenesis; DNA/RNA targeting and silencing technologies; etc.). This will be offered in close cooperation with partners from industry. Here, we will connect to interdisciplinary fields, like big data management, systems biology and multidimensional systems imaging. There will be ample space for company-sponsored symposia allowing to feature specific aspects of immunology.

Our total program offers 150+ talks by invited speakers, with state-of-the art presentations by top of the bill immunologists and clinicians. More than 400 oral presentations will be selected from submitted abstracts. We will have poster sessions and guided poster walks that enable exchange of data and networking and communication throughout the European immunology community.

As you may know of previous years, we offer a full range of sponsorship options to allow your company to optimally participate in ECI 2018. We will make sure that your company will fully benefit from all networking options. For this goal, we made the company exhibition area the heart of the venue. It is centrally localized, in the midst of lecture halls, poster areas and walkways. In this way, we can ensure that networking options with Europe’s leading international medical and biomedical professionals are optimal for you. Should you have specific wishes or questions, please feel free to discuss them with us. ECI 2018 is all about building bridges indeed.

We look forward to your response and the opportunity to further discuss the exact way in which you want to be involved in our attractive meeting. We will do our best to make the 5th ECI a most memorable scientific and economical event for you. We much look forward to hosting you in Amsterdam in September 2016!

Yours sincerely,

Prof. dr. S.M. (Marieke) van Ham

Under the auspices of EFIS, European Federation of Immunological Societies
www.efis.org
and the Dutch Society for Immunology, NVVI
www.dutchsocietyimmunology.nl
The 5th ECI will cover all fields of modern immunology, ranging from innate memory and tissue specific regulation of T and B cell differentiation to unsupervised analyses of big data for diagnostics and combinational immunomodulatory biologicals.

In the meeting we will specifically dedicate sessions to identify new discoveries in fundamental immunology that hold diagnostic and therapeutic promise and to tackle challenges that arise from connecting fundamental and translational science. We will bring in scientists from interdisciplinary fields, like data management, systems biology and multidimensional systems imaging to form beachheads for novel directions of immunological research and optimised evaluations of clinical trials.

With the 5th ECI we attempt to build an European village of immunology in Amsterdam. Here basic and clinical researchers can dive into immunology, discuss science and form new collaborations without feeling submerged by the size of the meeting. Our program offers 150+ talks by invited speakers, with exemplary keynote lectures and state-of-the field presentations by top of the bill immunologists. The group of invited speakers contains not only established world-leading scientists in basic and translational immunology, but also front-runners in clinical immunomodulatory therapies and up-and-coming scientists, who are changing current immunological concepts through novel scientific approaches. To give ample exposure to exciting new data from the whole immunological society, more than 400 oral presentations will be selected from submitted abstracts. We aim to have poster sessions and guided poster walks that will allow strong exposure of all research and stimulate discussions and networking. A number of posters will be selected for specific airing and data discussion via electronic poster boards. Special attention will be devoted to the education of our young scientists and students. To this end a bright sparks session for young scientists will be organized. In addition, the 5th ECI will feature a number of satellite meetings dealing with related topics.

**Preliminary Time Schedule (subject to change – to be confirmed in the exhibitors´manual)**

**Set up**
Saturday, September 1, 2018 08.00 – 22.00  
Sunday, September 2, 2018 08.00 – 22.00

**Exhibition hours**
Monday, September 3, 2018 09.00 – 18.00  
Tuesday, September 4, 2018 09.00 – 18.00  
Wednesday, September 5, 2018 09.00 – 12.30

**Dismantling**
Wednesday, September 5, 2018  approx. 13.00 – 22.00

*Due to another congress set-up starting the next day, no overtime or additional dismantling day possible!*

---

5th European Congress of Immunology
AMSTERDAM/NL 2018
SEPTEMBER 2-5
www.eci2018.org
Exhibition

An important completion to the scientific lectures is the representative technical exhibition which is the ideal platform to present your company, products and services and to interact with key decision makers and potential new clients.

A prominent exhibition area will be available where a high circulation of delegates throughout the whole congress time is ensured, granting maximum exposure and visibility of your company. The exhibition area will be combined with the scientific poster area, coffee break stations and the society village.

Prices:

**EARLY RATE per sqm** € 630.– only applicable with receipt of down-payment until February 15, 2018

Minimum Stand area 9 sqm

**LATE RATE per sqm** € 680.– applicable with receipt of down-payment after February 15, 2018

Minimum Stand area 9 sqm

Please complete the enclosed booking form and send it back to eci2018exhibition@maw.co.at at your earliest convenience.

The Exhibition Space includes:

- Net exhibition floor space
- Listing on sponsor website and in the final program
- Listing in congress app including general information, company description and contact person
- Exhibitor badges (allowances related to stand size – please see table below)
- One conference bag per stand

<table>

Exhibition space **does not include any furniture, electrical usage or stand cleaning**. Any additional services will be available to order in the exhibitors’ technical manual.

Booth allocation ranking will take into account the following factors:

- Size of exhibition space
- Date of booking
- Overall sponsorship commitment*
- Payment date of 1st instalment invoice

*Sponsoring companies will be granted preferred booth allocation.

The exhibitors’ technical manual incl. time schedule, rules and regulations as well as order forms for additional services will be sent to confirmed exhibitors in due time.
Sponsorship Levels / Packages

All Sponsors will be treated on a “first come, first served” basis, within the sponsorship category. All prices indicated are net; the tax liability lies with the benefit of the recipient (For companies with Austrian VAT +20% VAT applies).

Sponsorship levels will be determined by your total investment in the congress and sponsors will be acknowledged as follows:

PLATINUM SPONSOR € 100,000,-
GOLD SPONSOR € 80,000,-
SILVER SPONSOR € 55,000,-
BRONZE SPONSOR € 32,000,-

The below listed complimentary benefits have been designed to offer your company the highest possible recognition throughout the congress. A participation as Platinum, Gold, Silver or Bronze sponsor will entitle your company to the following benefits:

**Sponsoring Options**

**Exclusive Sponsoring**

**Congress Bags**
€ 16,000.–
Congress bags are selected and produced by the organizer in coordination with the sponsor. The price includes the sponsor’s name / company logo plus congress logo on approx. 4,000 congress bags.

**A4 Notepads & Pens (provided in kind)**
€ 7,500.–
The price includes the sponsor’s name / company logo on approx. 4,000 notepads and pens distributed in the participants’ congress bags.

**Sponsorship of the ECI 2018 Mobile Application (App)**
€ 16,000.–
The price includes the sponsor’s name / company logo on a banner running on the ECI 2018 mobile app, which is available to download for all congress participants.

**Delegate Name Badge**
€ 11,000.–
The price includes the sponsor’s name / company logo on approx. 4,000 participants’ badges.

**Lanyards (provided in kind)**
€ 14,000.–
The price includes the sponsor’s name / company logo on approx. 4,000 participants’ lanyards.

**Speakers Lounge Sponsorship**
€ 21,500.–
The speakers lounge is solely available for speakers and committee members. As a sponsor you will receive prominent company branding in the lounge.

**Internet Corner Sponsorship**
price on request
The price includes the company branding on the internet corner (screen saver, mouse pad, start page, etc.).

**Signage at the congress venue**
price on request
The price includes the sponsors’ logo on all directional signage throughout the congress site.

Available Halls
Please note: generally two different categories of room sizes are available as quoted above.

The company can propose the topic of the symposium and the invited speakers. The proposal is subjected to the approval by the Organizing Committee. The price includes:

- Hall rental, standard audio/visual equipment
- Symposium invitation in congress bags (production at the sponsor’s expense)
- Acknowledgement in the pocket programme, sponsor logo on congress website
- Roll-up for ½ day at a later defined area
Progress in Technology Sessions

Sponsorship of a Progress in Technology Session € 19.000.–
60 minutes during the official congress program Monday through Wednesday
Max. room capacity 100 pax, exact time t.b.d.

Organize and lead one of the popular Progress in Technology Sessions:
The Progress in Technology Session is the ideal way and information platform to get in direct contact with a maximum number of key decision makers in your specified field.

One to two well-known speaker(s) - who is(are) (a) immunologist(s) using your latest product in daily research or routine work - shall present your product and explain the application of your product to the audience, who consequently will be especially interested in visiting your exhibition booth and further discuss the product specifics. This combination has the perfect advertising effect for your newest products! Please submit your topic and speaker suggestion(s) as soon as possible, which will be submitted for approval to the Organizing Committee.

The price includes:
• Hall rental, standard audio/visual equipment
• Acknowledgement in the final program, sponsor logo on congress website

The sponsoring company must cover speaker’s expenses (registration, accommodation, travel), also for speakers already invited by ECI 2018.

Invitation Mailing Service - only available for Symposia and Progress in Technology Sponsors € 5.500.–
• The organizing secretariat will e-mail your invitation newsletter to all registered participants
• There will be 2 scheduled e-mail blasts

Under the auspices of EFIS, European Federation of Immunological Societies www.efis.org and the Dutch Society for Immunology, NVVI www.dutchsocietyimmunology.nl

5th European Congress of Immunology
AMSTERDAM/NL 2018
SEPTEMBER 2-5 www.eci2018.org
Symposia & Progress in Technology Sessions –
General Terms & Conditions

* Industry sponsored symposia must be held in English.
* Industry sponsored symposia slots will be allocated on a first-come, first-served basis, taking into consideration the company’s sponsorship of ECI 2018 and the company’s level of ECI sponsorship.
* The duration of industry sponsored symposia is 60, 75 or 90 minutes (depending on your symposium type) - any violation of the scheduled time will incur additional charges.
* All mentions of the sponsor names and/or logos as well as all mentions of the specific type of support (on the website and in all printed matters) will have to comply with the current UEMS regulations. The ECI sponsorship management will take the necessary steps to ensure these regulations are complied with.
* Product demonstrations are prohibited during industry sponsored symposia.

Speakers:
The sponsoring company must cover all speakers’ expenses (registration, accommodation, travel) also for speakers that are already part of the general scientific program of the ECI 2018. Companies are strongly encouraged to make sure their speakers preload all presentations and introductory slides at the Speaker Preview Centre. Presentations must be delivered to the Preview Centre at least two hours prior to the session, in order to be transferred to the central server (private laptops may only be used for special reasons and only if requested prior to the conference). It is the sponsors’ duty to inform their speakers adequately concerning the Speaker Preview Centre, Registration, etc.. No respective information will be sent to the speakers of the industry sponsored symposia by ECI 2018. This information will be sent to the sponsor only.

Room Size:
It is the company’s responsibility to select an adequately sized room to accommodate all attendees. All doors will be monitored by the organizer’s staff to prevent overcrowding. In cases where this is not respected, and for obvious security reasons, the venue’s staff has the authority to refuse admission to the rooms.

Topics:
All reasonable care will be taken to avoid any topic overlapping between industry sponsored symposia. However, the ECI does not accept liability for any deviation from this procedure or the consequences which might arise from this, such as low attendance.

Catering:
Lunch bags have to be provided at the industry sponsored lunch symposia. Expenses for the lunch bags are not included in the symposium fee. The catering has to be ordered from the official caterer.
Advertising & Promotion:
The ECI will publish confirmed industry sponsored symposia on the ECI website mentioning only the date and time of each industry sponsored symposium – as soon as the details are submitted and finalised, these can also be published on the website. The final program will also contain all details submitted by the company until the appropriate deadline (see deadlines). Any extension (if possible) of the published deadlines may only be granted under special circumstances.

As the ECI 2018 attends to apply for CME accreditation of its meeting by the European Union of Medical Specialists (UEMS), all mentions of the sponsor names and / or logos, as well as all mentions of the specific type of support (e.g. “sponsored by an unconditional grant by...”) on the conference website and in all printed matters will have to comply with the current UEMS regulations. Sponsors cannot enforce any type of display or recognition on either website or any printed matter which would conflict with the UEMS rules and therefore jeopardize the accreditation.

All marketing activities and promotional material relating to this activity must be approved by the ECI Organizing Secretariat before distribution in print or online. For those materials sponsors may use the official ECI logo.

During the ECI, the distribution of promotional material for the industry sponsored symposium is only allowed on the booth. The placement of a signage outside the industry sponsored symposium room is only permitted half an hour before the start of the symposium. Advertising of any other kind is strictly forbidden.

CME Accreditation:
Industry sponsored symposia are not considered to be part of the official program and will not be considered for CME points. According to EACCME, sponsored sessions cannot apply for CME accreditation. Therefore any application for CME points from the sponsors’ side for industry sponsored symposia is strictly forbidden.

Presentation Quality Standards:
Industry sponsored symposia should be of an educational nature and must include a formal presentation or procedural instruction. The content of the proposed program should demonstrate scientific rigour and objectivity; commercial references should be avoided unless necessary. A balanced presentation of the topic should be given in every industry sponsored symposia.
Advertisement in Pocket Programme

Pocket Programme - the printed version will be handed out to all participants during the congress (approx. 4,000)

The pocket programme is an essential congress publication including information on the scientific programme, all necessary general information, sponsored symposia and the exhibition etc. The pocket programme will be inserted into all delegate congress bags and published on the website.

3rd Cover Page € 5.000,–
4th Cover Page € 13.000,–
Inside Page (only in the general part) € 3.200,–

All sponsors receive the highest recognition for their support of ECI 2018. Besides the specific recognition for particular items, sponsors are listed on the conference website (sponsors page) as soon as a sponsor agreement is reached. Sponsors are also listed in the acknowledgements in the pocket programme.

Sponsoring items will be assigned on a “first-come-first-served” basis. All prices indicated are net; the tax liability lies with the benefit recipient. (For companies subject to Austrian VAT + 20% VAT applies).

Kindly note that all sponsoring items are underlaying the UEMS regulations and subject to change.

Should you be interested in any further sponsoring options, please contact us:
