

ECI satellite symposium

ENLIGHT-TENed by big data: advancing T cell immunology

2nd September 2018, Amsterdam RAI

Programme

- 09:00 - 10:00 Registration and Coffee
- 10:00 - 10:15 Opening
- 10:15 - 10:45 Genomic approaches to Treg development and function
Prof Shimon Sakaguchi, Osaka University, Japan
- 10:45 - 11:15 Regulation of human immune responses
Prof Riitta Lahesmaa, Turku Centre for Biotechnology, Finland
- 11:15 - 11:45 The molecular basis of the cytotoxic T cell response
Prof Jannie Borst, Netherlands Cancer Institute, Netherlands
- 11:45 - 13:00 Lunch and networking opportunities
- 13:00 - 13:30 Advancing systems immunology using single-cell bioinformatics
Prof Yvan Saeys, Ghent University, Belgium
- 13:30 - 14:00 Cell decision making of immune cells in tumor development
Dr Haralambos Hatzikirou, Helmholtz Centre for Infection Research, Germany
- 14:00 - 14:30 Human systems immunology
Prof Petter Brodin, Karolinska Institutet, Sweden
- 14:30 - 14:45 Closing
- 15:00 Beginning of ECI2018
